Novatech High Performance

The High Performance door

Energy efficiency also goes through the front door

The front door can be considered the heart of your home. This is why we have taken the design of this steel door to another level in terms of energy performance. A door that keeps the cold winter air and the summer heat outside to make your home comfortable all year round.

- ✓ Improved comfort
- ✓ Energy efficiency
- ✓ Superior durability
- ✓ Increased security
- ✓ Unrivaled soundproofing

Harmonious design

The High Performance door is available in six models that can be matched with the complete collection of decorative glass in triple glazed format.

A collage of modern design elements. In the top left, there is a cluster of green, feathery plants. Below them are several rectangular panels: a light-colored stone tile, a dark grey stone tile, a piece of light-colored wood with a prominent grain, and a piece of translucent glass with a cloudy pattern. A black metal frame with a handle and a circular detail is visible in the bottom right corner. The background is a light grey stone surface.

CONTEMPORARY STYLE

Design collection doors

The unique doors of this collection are the perfect counterpart to the horizontal lines that triumph in contemporary architecture. Vivid or neutral in color, Design collection doors never go unnoticed.

Era steel door with decorative accents and sandblasted finish glass

Asymmetrical design

Although stunning without doorglass, Era's asymmetrical composition is designed to leave room for a pull bar or a 7" x 64" doorlite — perfect for adding light to a narrow entrance where there are no windows.

Vertical accent

Decorative accent for doors with a vertical doorlite. Available with an Alunox or black finish, the accent is applied over a contemporary hybrid aluminum/PVC doorglass frame of the same color. This combination ensures a perfect seal and finish. Installs with automotive grade tape (included) for added durability.

Pairs with color-matched contemporary hybrid aluminum/PVC frame and doorglass kits. Edge, Oso, sandblasted finish or clear glass inserts available.

Doors sold separately.

Available colors

- Alunox

Decorative accents

Personalize the Design collection doors with decorative accents. Made of Alunox — a material which offers the appearance of brushed stainless steel with all the advantages of aluminum: no corrosion, no oxidation or fingerprints. Elegant design with beveled contour. Installation with automotive grade tape for added durability.

Soho 95" steel door
Grilles 2 × 3 (Custom
configuration)

Grilles

Grilles are a great way to match your entrance to the rest of the windows on your classic style home. For a modern, contemporary look, choose a configuration with fewer dividers like our Classic and Country style grilles. Best of all, our grills are between the glass meaning they are maintenance free and will never need to be cleaned.
