We are thrilled that you could join us for our 7<sup>th</sup> Annual Customer Appreciation Golf Event. This year, we proudly selected Friends of the Moncton Hospital as our beneficiary.

Thank you for being a part of this special occasion. It's always wonderful to bring together our Vendor Partners, Clients, and the Extreme team. The collaboration and energy generated by everyone led to a successful donation of \$55,500 - an amount that will directly support the vital health and wellness work of Friends of the Moncton Hospital in our New Brunswick communities.

Over the past seven years, this event has raised a total of \$213,500. This success wouldn't be possible without the collective effort of all who participate. We truly appreciate your time, generosity, and support in making this event a meaningful and impactful one.

**Thank you again for being part of it!**

### DID YOU KNOW?

**The first cell phone call was in New York City.**  
 In 1973, the first-ever mobile phone call was made by Martin Cooper, an employee of Motorola, made from the streets of New York City. It wasn't until 19 years later when Neil Papworth sent the first SMS message, which brings us to our next tech fact:

## DID YOU KNOW?

**The first product scanned was a packet of chewing gum in 1974.**

Norman Joseph Woodland invented the barcode and received a patent in October 1952. It wasn't until 22 years later when he was employed by IBM that the barcode was developed to be used for product labeling.

Known as the Universal Product Code (UPC), a system that is still used today.

### DID YOU KNOW?

The most expensive phone number cost millions.  
 Back in 2006, Qatar Telecom hosted a charity auction  
 where they sold the phone number 666-6666  
 It sold for \$2.75 million, bought by an anonymous bidder.

**DID YOU KNOW?**

**The first alarm clock could only ring at one time.**

Literally, one time! The first mechanical alarm clock could only ring at 4 a.m. invented by Levi Hutchins in 1787. It wasn't until 1876 that a wind-up alarm clock was made that could be set for any time.

### DID YOU KNOW?

**The first Apple logo isn't what you would think.**  
Originally, it featured Sir Isaac Newton sitting beneath a tree, with an apple about to fall on his head. It was designed back in 1976 and featured a phrase around the border that read "Newton... A mind forever voyaging through strange seas of thought...alone".

### DID YOU KNOW?

A “jiffy” is a real measurement.

If you’ve ever said, “I’ll be back in a jiffy,” you were actually saying, “I’ll be back in 10 milliseconds.” A jiffy is an actual measurement of time, referring to the length of one cycle of the computer’s system clock (about 10 milliseconds). When used in physics, it stands for the amount of time that it takes light to travel one centimeter.

**DID YOU KNOW?**

**Nintendo didn't start as a video games company.**  
 Founded in 1889, Nintendo was around long before computers!  
 So what did they sell? From 1889-1956, Nintendo was a playing card company.  
 They still manufacture playing cards in Japan and even have a bridge tournament  
 called the "Nintendo Cup."
